ABOUT FINTECHSUMMIT

The 1st year of the FinTechsummit conference will bring together knowledge of finance technology from both foreign and domestic experts. It will be opened by the UK ambassador to Slovakia, Andrew Garth. The conference will provide a proper space for networking among investors, start-ups and banks from CEN/V4 countries and the UK, as well.

SPEAKERS

Speakers are the experts from banking sector, cyber security sector and financial services companies. They come from region CEE, V4 countries (Slovakia, Czech Republic, Poland and Hungary), Austria, UK and Switzerland.

GOALS

- Private and business customers
- Financial education sector
- Banks
- Insurers
- Start - ups
- Other financial industry companies

GEOLOCATION: CEE REGION

ARE YOU READY FOR INNOVATION?

ABOUT FUTURE PROOF

The company Future Proof has been established in 2013 with mission of organising and creating its own open platforms (events, conferences and hubs) that are specialized in technology and innovation. Among other things, the company established first Smart City HUB in CEE, where are organized a specialized workshops and events to topics “City Intelligence”.

Our most successful events are the Techsummit conferences, whose we are the founder and organizer. Second year of the conference was organized in May 2017 and was attended by more than 100 speakers from 12 countries of the world (www.techsummit.sk).

AGENDA

Conference is composed of three collateral sections

1) Fintech Round Table Discussion

A) PSD2 & REGTECH

Block PSD2 & Regtech from regulatory opportunity, moving into the 22nd century. Moderated roundtable: moderator Lydia Goutas with five speakers from different countries will introduce the legislation and will share their view on implementation. They will discuss the next questions:

- PSD2: What are positive KYC impacts?
- PSD2: How will the client benefit? What FinTech can do to help us be better at both serving customers and improving our own experience?
- PSD2: What are the challenges & advantages for financial institutions?
- PSD2 + Regtech (paperless): What actual legislation allows?
- Regtech (paperless): How to reduce printed documentation & remove a client's frustration?
- Regtech (paperless) Challenges for financial institutions - How to reduce operational costs?
- How to provide simple, user friendly and well-paced clients services?

Case study: 1-2 UK company (other state) to introduce their P2P, direct payment solution successfully working for major UK bank & amp; questions, to introduce their paperless solution - successfully implemented in the international bank.

Likhoded

Damir
Bicanic

Paweł
Turczynowicz

Michal
Šmída

Matej
Ftáčnik

B) PEOPLE

Moderated roundtable, where will be discussed the following questions:

- Do banks/financial institutions have sufficiently skilled human capital to cover challenging requirements?
- What new qualifications will be needed in financial sector in the upcoming decade?
- In which areas of banking services can we expect greatest staff shortages and how to deal with it?

Ruz Chishty

Samantha Pitchford

Peter Géc

Marián Minárik

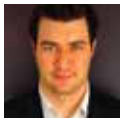

Josef Kunčar

C) BLOCKCHAIN REVOLUTION

Moderated roundtable

- Blockchain technology
- Blockchain currencies – can we regulate and control it?
- What are advantages & disadvantages of crypto currencies in comparison with traditional money?
- How can we use blockchain in public registers (i. e.: clearing and trading with securities)
- Is it possible to monitor block chain transactions?
- Can block chain currencies be used (and misused) anonymously? (i.e.: funding of terrorist groups)
- What are the challenges for financial institutions? Should the bank monitor block chain activity of its clients?
Does block-chain impose any reputational risk for the bank? How to get rid of this reputational risk?

Edmund Lowell

Luke Kovic

Michael Geike

Matej Michalko

Lukáš Hatala

Vladimír Repiský

AGENDA

2) Fintech Presentation

A) BLOCKCHAIN CRYPTO CURRENCY

Presentations are focused on the new trends from the Blockchain field. The interest is directed to the crypto currency. We will present you Paralel polis and various other projects and innovations in this field. Finally, there will be a place for discussion.

Edmund Lowell

Peter Bešina

Roland Ižip

Martin Lindák

Pavol Molnár

B) SUCESSFUL MODEL OF CO-OPERATION OF BANK AND START-UPS (CASE STUDY)

Slovakia has an example of successful co-operation of bank and start-ups. The aim of this presentation is to approach the options, but also the treats and measures to be taken and what needs to be done.

Tomáš Barbarič

Juraj Kapašný

Juraj Rosa

Peter Haňo

AGENDA

C) SECURITY & GDPR

What are the new challenges and opportunities in the area of cyber security in the financial sector? How can I protect my credit card and what can I do with eID? Is the face and voice authenticated safety? Not only these questions will be answered by the experts from the field.

Erik Cebik

Peter Handzuš

Dušan Slimák

Michal Unger

Pavel Nechala

Tomáš Zaťko

D) INVESTORS

Within the Investors block, there will be opportunities for collaboration or other opportunities, such as looking for partnerships, projects, or collaboration. Where to invest and how to ask for participation in projects or tenders.

Martin Vlachynský

Ivan Filus

Slavomír Hruška

Ruslan Vasyutin

3) Hackathon

A 24-hour call that begins on the eve of Smart City Hube. The role of Hackathon participants is to design an attractive user interface and program a simple prototype of a mobile application to manage family finances.
